

Mosel Riesling QBA dry 2022

Producer

Carl Graff is one of the main brands from Valckenberg and presents Riesling wines from famous vineyard sites of the Mosel region, like Graacher Himmelreich

Vintage report

The warm and dry summer was clearly noticeable, especially in the young vineyards the drought stress became apparent. Sites where the vines are up to 130 years old and thus rooted in deeper layers of soil had an easier time accessing low-lying water reserves. The experience of the last 20 years has shown that especially old vineyards can cope with such difficult weather conditions and therefore produce excellent grape qualities. The harvest in 2022 did not start until the end of September, but great wines are already showing.
