Vintage report

Budding at the beginning of May, flowering in mid-June, ripening at the end of July. After this turbo development of the vineyards, an early start of the harvest became apparent. The appropriate personnel planning was made to be prepared for this. As predicted, the harvest began very early on August 30 with the base wines for sparkling wines. The harvest of the first lots from VDP.ERSTE LAGE and the VDP.GROSSE LAGE Schlossberg followed in the 2nd week of September.
