Vintage report

For many of our neighbouring vineyards, the harvest began at the end of august. Thanks to the vitality and durability of our vineyards, we had a little more time to play with. We started to harvest earlier ripening grapes and basis wine for our sekts on the 1st of September. Our younger wines offer a finely defined fruit aroma and moderate alcohol content. But also, a deep and complex body. Above all the playful elegance of our wines excites us this year. Our newer wines are already bottled and being delivered,
