

Würzburger Riesling Kabinett semidry 2017

Producer

The Bürgerspital is one of Germany's largest wine growing estates with 300 acres. It is located in Würzburg, which is part of the Franken region. The estate is a founding member of the VDP association and offers vineyard sites like Würzburger Stein, Stein Harfe (=stone harp) or Würzburger Innere Leiste. They cultivate typical franconian grape varieties like Silvaner, Müller-Thurgau and Bacchus, as well as some classics like Riesling, Pinot Gris and Pinot Blanc.

Vintage report

The vegetation started early. Summer temperatures were warm, and the rainfall was adequate. With hard skilled work in the vineyards, utilizing perfect canopy management and reduced yields Bürgerspital was prepared for all uncertainties and on August 15th another hailstorm struck and went over the Würzburger Stein! Despite all that, the quality of the grapes was already ripe and by the beginning of September they were able to start picking the grapes and finishing on 5th October. The earliest and fastest harvest ever recorded at Bürgerspital!
