

Blumenwiese Weiß 2021

Producer

No architect, no painter can create something as beautiful and original as a flower meadow, which is unique in its variety of colors and shapes. With the flower meadow we take up the desire for nature, peace, originality and inspiration.

Vintage report

In retrospect, the winegrowers consider it a stroke of luck that the vines in Rheinhessen sprouted later than usual this year, because the shoots in Germany's largest winegrowing region were spared the night frosts in April. Compared to previous years, the late start of the harvest in mid-September was also a fortunate coincidence, because beautiful September days contributed decisively to the fact that they were able to harvest "a very appealing vintage". Ripening in the cool nights produces fruity wines that offer a wide spectrum of aromas even with moderate alcohol content.
