Sauvignon Blanc vom Quarzit

## Sauvignon Blanc vom Quarzit dry 2021

### Producer

The biodynamic estate from winemaker Alex Pflüger cultivates on 40 hectares the best vineyard sites of the wine region Palatine

### Vintage report

The 2021 harvest was influenced by a very rainy spring. During the summer, rain and sunny periods were taking turns. It was quite a challenge to keep the vines in a healthy stage. A sunny September brought the missing warmth and ripeness. Harvesting started in the third week of September and ended at the beginning of November. Throughout the whole vintage, we were gifted with moderate and dry weather. The reds had suffered more from the unsettled weather in spring and summer, so the yield was up 40% lower compared to other years. Riesling turned out to be a real cool climate expert and gifted us with healthy grapes, a very typical aroma profile and a fresh acidity. 2021 will definitely be a vintage for aged Riesling.

### Characteristics

 Cassis, peach

Mouth, mineral, crisp fruit

 seafruit, asian cuisine, salads

### Facts

Grape Variety Sauvignon Blanc

Terroir Selection of different vines, light gravel and quartzite soils.

Appellation Palatinate

Vinifikation fermented in stainless steel and reductive ageing

| Alcohol   | Residual Sugar | Acidity |
