

## Valckenberg Spätburgunder Rosé Halbtrocken 2020

### Producer

For over 230 years P.J. Valckenberg has discovered extraordinary German Estates and act as an ambassador of their wines. The Valckenberg Varietals represent authentic and typical german wines.

### Vintage report

In Germany's largest wine-growing region, too, the lack of precipitation was one of the biggest challenges this year. The rain was distributed very differently across the region, but there was clearly too little everywhere - and that for the third year in a row. However, the weather also brought good sides. The cherry vinegar fly, which has been feared for several years, did not cause any problems in 2020. In terms of quality, 2020 joins the ranks of the solid previous vintages. Due to the healthy grape condition, the young wines show a clear aroma and sufficient acidity values despite the high temperatures in late summer.
