Stift-Riesling

Stift-Riesling Trocken 2016

Produzent

Die berühmte Einzellage Liebfrauenstift-Kirchenstück im Zentrum von Worms bildet das Herzstück dieses Weinguts. Welches von Peter Joseph Valckenberg erworben wurde und 1872 erstmalig als Liebfraumlisch exportiert wurde.

Jahrgangsbericht

After a very cold spring in Rheinhessen, May brought much more rain as normal. July and September had been very dry, with warm weather conditions of around 35 degrees in August. The harvest started early in September. Mostly very healthy, mature grapes with decent must weights were harvested. The "summer in September" will be remorable for a long time by the vintners in Rheinhessen

Charaktereigenschaften

-  white peach, fresh citrus aroma
-  fruity, fresh, lively on the palate with hints of minerals and delicate acidity
-  white asparagus, fish dishes
