Jahrgangsbericht

Thanks to a sunny, warm spring, but very cold nights, the sprout was delayed by about 2 weeks. Therefore the severe late frost period did little damage to the vines. Immediately after blossoming, heavy and “never experienced before” rainfalls began in June. This influenced our vineyard work day by day and was a huge challenge. Fortunately in the last days of July the temperatures jumped up rapidly, followed by a dreamlike August and dry Indian summer late into September. Perfect conditions for a great vintage! The grand finale has rewarded us with an excellent vintage.
