Jahgangsbericht

After a mild, humid start of the year, temperatures dropped remarkably in February and March 2018. By the start of April, all seasons were warmer and drier in 2018 than average. A high amount of sunny, very warm days caused a fast ripening process of the grapes and a very early start of harvest in September. A beautiful range of all Prädikatwines from Kabinett to TBA was picked during the following weeks during beautiful weather conditions. Despite the fact, that 2018 was a rather hot year, the wines are not overly rich but kept a beautiful freshness and balance.
